

Please find my report covering the period 8th March – 8th April period:

Crimes/Incidents Reported

29/03/2022 Dangerous Driving in Puddletown Recreation Car Park

30/03/2022 Theft of road signs – Tolpuddle

Other

The First Community Speedwatch session was conducted on Friday 8th April on Athelhampton Road and in the 20 minutes I was with them 6 out of 57 vehicles were driving at 36mph or higher. These vehicles will be issued with a warning letter.

I would like to thank the volunteers for giving up the time to safeguard the community. Community Speed Watch is aimed at raising awareness and encouraging speed reduction. A Social Media Post was placed on the Dorchester Police Facebook page and unfortunately this platform does enable negative comments from the public and I truly hope if this have been seen by the volunteers that they do not take it personally. If anyone has concerns please let me know and I will contact them to discuss.

As usual if there is any police related issues I can assist with please do not hesitate to contact me.

Regards

Alison Donnison 6500
