1224-121c Correspondence

1. Puddletown Village Christmas Tree
To note the PC were approached regarding the placement of the Puddletown Christmas Tree. Permission from DC Highways was sort and obtained.
2. Outdoor Seating around the Parish - ANNEX
A letter was received with concern regarding some benches around the parish which are not fit for purpose. In that the wood has either rotted away, or there is no path leading to the bench and the grass is too long and it is muddy under foot, making it unsafe for users. It is requested PAPC look to remove and replace these bench's
3. Town and Parish Council Survey - Climate and Nature Support
4. Salt Bins. It was reported that the Salt bin in Brymer Road was empty. The Clerk has requested DC refill. PAPC is likely to be charged a refill cost approx. £100.

1124-109 e	Clerk	Weeds around Parish	Clerk to contact grounds maintenance contractor to request a quote for weed spraying	02-10-24 Contractor contacted requesting price 23-10-24 Quote received £406 per spray, recommended 3 times a year to keep clear. 12-11-24 Clerk to contact Lowther to approve kerb side weed spraying throughout the Parish three times over the next 12 months. Request the first spray take place this year weather permitting. 15-11-24 Email sent to Lowther requesting they spray ASAP and agreeing a yearly plan

1124-110	Clerk	Agenda item Caretakers Pay Increment	Clerk to add under part 2 caretaker pay increment	
1124-111	Clerk	Neighbourhood Plan	14-05-24 Clerk to contact the local Planning Consultant who helped put the original Puddletown Neighbourhood Plan together, regarding the review process. 12-11-24 Clerk to contact previous Consultant to enquiry about next steps. Clerk to set up and extraordinary meeting if required for Council to discuss their desires for the Neighbourhood plan review.	<p>Email received. "In terms of the need for a review – the plan was officially ‘made’ in June 2021 so in theory should be given significant weight in decision-making for at least 5 years (rather than the 2 years which was the case until the NPPF was changed in December) – more if the Local Plan has a 5 year housing land supply. So this change gives you some degree of comfort to June 2026.</p> <p>The now agreed Local Plan LDS programme suggests the following (the bits in italic is where I have added a bit more explanation):</p> <ul style="list-style-type: none"> • Scoping and Early Engagement [September 2024] – to define the scope of its local plan and set out how it will engage the local community and stakeholders. • Sustainability Appraisal Scoping Report [November 2024] • Project Initiation Document and Gateway 1 Assessment [November 2024] – identify and get feedback on up to five issues that pose a risk to the soundness and/or legal and procedural compliance of the local plan, from PINS or other technical expert (4 week turnaround, 6 max) • Visioning and Strategy Engagement (8 weeks) [May 2025] - mandatory eight-week consultation intended to allow stakeholders to comment on which issues an area is facing and how they should be tackled • Gateway 2 Assessment [December 2025] – as per Gateway 1 • Draft Plan Engagement (6 weeks) [March 2026] - mandatory six-week consultation to allow the local community, statutory bodies and other stakeholders to comment on the draft local plan. The LPA should then resolve the issues raised during the consultation prior to submitting the local plan for examination. • Gateway 3 Assessment [October 2026] - to ensure that a local plan meets key requirements and is “ready to proceed to examination” PINS only, cannot pass if PINS say no. • Examination [November 2026] – generally using shorted consultations (3 weeks) and only focused on main changes • Adoption [May 2027] <p>So the equivalent 2024 point referenced in the NP is now May 2027, although the Parish Council would have a good understanding of what the Local Plan is likely to send up saying about Puddletown by early (January / February) 2026 - as the committee reports will have the full draft of the Local Plan that is due to go out to consultation at that stage.</p>

				The time it takes to review a plan varies depending on whether you are looking at extending the plan period / requiring new sites. If you are worried about the possibility of the NP getting reduced weight after June 2026 when the 5 years is up, then you may wish to think about starting a light touch review by the end of this calendar year to give sufficient time for the review to take place and the revised plan to be examined. If not, then starting after March 2026 would make more sense, with the aim of extending the plan period and possibly looking at additional sites should the Local Plan indicate that this may be needed."

As the PC are concerned about the speed along a section of the Waterston Road. 0824-58b Cllr Hood to take photos showing areas of Waterson Lane where the road markings have been worn away. Clerk to report to Dorset Council Highways requesting refresh of line markings. & Clerk to contact Dorset Council to investigate the placement of a SID post along Waterson Lane.	16-07-24 Email sent to S Mepham & Phil Goodland (cc Emma Parker) 22-07-24 reply recieved. "A few years ago Paul Eastwood and I did a fair bit of work here in investigation, installing new traffic calming and responding to certain residents persistent requests for speed limit reductions and requests for "private parking bays" to be constructed in public highway. Pretty sure we have done all that we could or should be doing here in line with Dft guidance and DC policy. Joe Allen(cc'd) would be able to install traffic data gathering equipment at PC expense if you require. James Hussey (also cc'd) from DCs Road Safety team would be able to confirm if this areas is a "cluster site" or on RST's radar in any way." 07-08-24 Email sent to Joe asking for price for road speed data equipment to be installed 08-08-24 response from Joe cost is £250 for first site and £200 for second site. Previously Road safety agree to look again in the future so now would be a good time. " 0824-58b Photos sent to DC response received "I have conducted a site visit - at this current time I'm satisfied that the slows with yellow bars do not need refreshing. We work on the provision of markings being 75% worn before having them refreshed and these ones are not close to that level yet. These yellow bars and slows were installed around 12 months ago. The photos of the slows that do not have yellow bars are worn and I will look to get these repainted shortly - you will have noticed that several sections of the road are marked up with white paint in the village, this is to repair some surface defects, the person who is responsible for these works is on holiday currently and I don't want to be

				processing repainting for sections that will be re-surfaced soon! I will stick a note in my diary to provide you with an update in a month or so."

Clerk to contact contractor.	<p>20-06-24 Phone call to Nickie (Although Nickie away spoke to Simon) 26-06-24 Meeting with Simon, Anthony, Clerk and John Discussed bank stabilisation. Need to remove a couple of trees, and level stumps. New growth appearing from some old stumps which will be kept. Once bank stabilised replanting to take place. All quotes will be produced at the appropriate time. Noted a new tree survey is required. Hardy's survey is almost 5 years old next year and recommend a survey every 5 years to the plan work required. 05-07-24 call from Anthony (Hardy's) stated stabilisation products likely to be in the region of £3 - £5K plus labour. This is a black multilayer netting which collects leaves. Spring product be possible to cut to plant trees. Also suggested to consider low post and rail for along bottom of bank to deter people climbing the bank. 02-08-24 Call from Nickie, Price unfortunately not as expected. Initial clearance work including removal of a few beech trees and Ivy £1,350 + VAT. Phase 2 stabilisation work. To purchase and place bank stabilisation products £12,536.50 + VAT. Phase three (replanting) will be quoted at a separate occasion and will depend on the species. To note the Woodland trust are offering saplings free of charge. see separate annex for more details. Finance regs states for projects estimated to be more than £3,000 but less than £25,000 the clerk should seek 3 fixed quotes. Due to the work required it is not possible to fix a price for this work and therefore the contractor has only estimated.04-09-24 Email from Nickie stating consent received to remove beach tree stems. Phase one work to start shortly</p>

198c	Clerk	SID Repairs (Puddletown)	To contact the Puddletown SID volunteer to request they provide a list of all issues we have had since purchasing the device. To contact the manufacturer to request they cover the cost of the investigation work. To add to a future agenda as and when required to report back.	15-04-24 email received from Gary with a small list of errors. Believed to be too minor to request repair carried out FOC or at a reduced rate. Re-present to Council 21-05-24 Clerk to inform manufacturer do not wish to go ahead with repair and to request the SID be returned. 22-05-24 Email sent to EDEN (Morelock) 31-05-24 Email from Eden (Morelock) stating radars power supply had exploded, which they have never seen before. They sent to Germany and there will be no repair cost to us.
166f	Clerk	Puddletown Play Park Works	Clerk to obtain necessary quotes for remedial work as required within the annual and quarterly inspection report.	19-04-24 3 contractors contacted (Benches) 14-05-24 Cllr Ridout to identify within Puddletown Play Park which benches are memorial benches and report back to Council.
155	Clerk & Cllr Green	Future flood prevention work	Clerk with Cllr Green to contact the Blue Vinney landowner and Dorset Council Highways to ask what ditch clearance work they have scheduled in for Summer / Autumn 2024, as they both have a responsibility to stop flooding on the highway and within residents' properties.

148 a3	Cllr Sheppard	PRIDE CCTV	Cllr Sheppard to speak to a representative of PRIDE regarding covering the electric cost of the light and to discuss them installing a camera as part of the CCTV system they are planning.	
67	Clerk	SID Tolpuddle	08-08-23 Clerk to write to the Trustees and ask they reconsider given the SID is only there for short periods of time and is for the safety / protection of the Tolpuddle residents. Cllr Johnstone agreed to speak with trustees rather than send letter.	08/11/2022 Ongoing concerns around the current location of the SID in Tolpuddle. Highways have advised that the existing SID will 'underperform' if the hedge around the SID is not maintained to a high enough standard. Martyrs Museum own the hedge and feel that the hedge is sufficiently cut. Solar Panels have been earmarked for the SID however until this issue has been resolved Highways do not feel the PC would be getting the best from the SID. DC have confirmed the SID cannot be raised on the pole, as the device would be out of the line of sight for drivers.

116	14/11/2023	Clerk	Millom Lane	Clerk to liaise with Dorset Council Highways to request an update about Millom Lane flooding and what work is being undertaken to prevent future flooding.	15-11-23 Email received from S Mepham stating DC are currently investigating issues. A solution was put forward by the farmer, but this was not acceptable to one party involved. If Members of Public have any concern, they should report through the DC portal. 05-12-23 Email from Tingleton resident "I tried to drive up to Puddletown today via Milom Lane, as expected the road was flooded outside Admiston Farm. I reported the occurrence to DCC Highways by telephone as under their criteria a road blocked by water is considered an emergency and report 1236249 was raised as a result. I interrogated this report on the DCC website less than 2 hours after I telephoned them; yes the report was raised but the status was "Enquiry Closed". There was no reason cited on the report to indicate why the enquiry was closed and I cannot believe that they had rectified the problem in the intervening period." "Perhaps the number 1234690 should have been used as that report is still live. Please note that the other reports of flooding, raised by myself and others, for Milom Lane, i.e. 1233737, 1233872, 1233991 and 1234852 all have no current status shown against them although previously they showed that they were under investigation, hhhmmmm!! " 07-05--24 Email received from Neighbouring Councillor asking for contact detail within DC with whom I have been corresponding. S Mepham contacted and permission granted to forward his details. 22-05-24 cc'ed into email from Paul Eyres (to Stephen Mepham) email stating Paul has taken on the project for Tingleton PC. 24-05-24 cc'ed into email from

					SM stating "I am unable to comment on the landowners current position and relationship with Dorset Council – other than to say that officers from DC’s Flood Risk Management team have been asked to assess and advise the landowner on farming practices and land management that will reduce the amount of surface water run-off from the surrounding land onto the public highway. In addition to this, Dorset Highways will endeavour to improve ditch capacity and frequency of maintenance to all our drainage apparatus and facilities on this area "
118e	14/11/2023	Clerk	Bus Shelter - Tolpuddle	Clerk to contact bus companies currently operating through Tolpuddle to enquire regarding the number of Pick-ups currently from the Trent Close Bus Stop.	13-12-23 email sent to customer.services@gosouthcoast.co.uk (Damory 187 service provider) 14-12-23 email received "Regarding passenger numbers that use this stop, This is actually one of the more busy stops along the 187 route. During School term we pick up approx. 20 students for Thomas hardy school and throughout the day can be as many as 10 other passengers per trip. Summer period can be busier which varies from day to day . So on a average term week could be approx 150, non Term time approx 45"

22/040	12/07/2022	Clerk	Liaise with Dorset Highways regarding the siting of two Play Park Road signs on Main Road, Tolpuddle		<p>10/08/2022 Jeffery Damer from Highways emailed to confirm one sign will be moved as it is on private land, the other sign is in the orthodox position, but highways will investigate and get back to me. 03/10/2022 Jeffery Damer email - Western warning sign - We will be relocating the sign to a lamp column and removing the post as soon as possible. This work will be funded for by Dorset Council because we had it erected wrongly on private land. Eastern end - We will adjust the sign to ensure that no part of the sign is overhanging the garden / boundary wall, and as above Dorset Council will fund this work. The residents of the property have complained that the sign / post is preventing them from maintaining their hedge. Their hedge which sits next / behind the garden wall is in fact overhang the footway which is highway land. The location of the post does not hinder the maintenance of the hedge. The sign could be relocated to the nearby lamp column which is also next to the garden / boundary wall and the post removed but because we see no problem with the current location of the sign Dorset Council will not fund this work. The cost of relocating the sign to the lamp column and removing the post is £169.82.</p> <p>11/10/2022 Cllrs agreed to look at this again in Feb 2023 when they can assess the PC bank balance.</p>
