Other:

A report was made with reference to a vehicle that appeared abandoned in Beech Road. The vehicle was legally parked but concerns were raised because a rear window had been smashed and one of the tyres was deflated. The owner is aware and is planning to move the vehicle soon.

In another village a drone was reported as flying outside of CAA regulations. The laws for use of drones changed in November and people who own an existing drone or plan to purchase one are required by law to register and get a unique registration number by completing an online course.
